#### Pro Bono Partnership Names New Executive Director

NANCY EBERHARDT

The Pro Bono Partnership board of directors announced the appointment of **Nancy Eberhardt** as executive director. Eberhardt started at the partnership in 2003 as a staff attorney, and has served as New Jersey program director since 2005. “I look forward to beginning the Partnership’s third decade focused on improving our already strong programs through increased engagement with our volunteer lawyers and the nonprofit communities we serve,” Eberhardt said. “Understanding the needs of our clients is critical to providing meaningful assistance in a changing economy, when many individuals and communities may be under increased strain. Fortunately, it’s also been the case that in these uncertain times lawyers are more interested than ever in leveraging their skills to help communities in need.” Eberhardt was interim executive director beginning last Nov. 1, taking over for, **Marcia Levy**, who returned to legal academia. Eberhardt seeks to grow the organization by continuing to raise its profile, streamlining operations, and increasing outreach to underserved communities.
